

Project Case Studies

Water Harvesting

Project: Sea World Aquatica

Application: Water Storage

System: (1) CGS 3003 - 52,320 Gallon Tank

Project: Edwards Aquifer Authority – Main Office

Application: Rainwater/Condensate Collection for Irrigation

System: (1) CGS 1205, 15,347 Gallon Tank

Project: University Health Systems – Clinical Services Bldg.

Application: Rainwater/Condensate Collection for Irrigation

System: (2) CGS 1204, 12,278 Gallon Tanks

Project: Texas A&M San Antonio – Multi-Purpose Bldg.

Application: Rainwater/Condensate Collection for Irrigation

System: (2) 51,000 Gallon Tanks & Irrigation Booster Pump

Project: Lackland AFB –Ambulatory Care Facility, Phase 1

Application: Rainwater Collection for Irrigation

System: (12) CGS 902, 3,453 Gallon Tanks

Project: Neurology Clinic

Application: Rainwater Harvesting Collection for Irrigation

System: (1) CGS 903 – 9,208 Gallons Tank

Project: North American Data Center – Chevron

Application: Make Up Water System

System: (2) CGS 3605, 138,124 Gallon Tanks

Project: San Antonio River Authority – Mission Reach

Application: Rainwater Collection for Irrigation

System: (2) CGS 903, 3,302 Gallons Tanks & (1) CGS 1203, 9,208 Gallons Tank.

Project: HEB – Loop 1604 @ Bandera Road

Application: Water Storage Tank for Irrigation

Project: Cavender Buick-GMC

Application: Rainwater/Condensate Collection for Carwash

System: (1) CGS 2103, 28,200 Gallon Tank

Project: Featherland Egg Farm

Application: Animal Watering and Fire Protection Water Storage

System: (1) CGS 4208, 300,803 Gallon Tank & (1) CGS 2404, 49,111 Gallon Tank.

Project: HEB - Wimberley

Application: Fire Protection Water Storage

System: (1) CGS 2406, 73,666 Gallon Tank

Project: Poteet High School

Application: Athletic Field Irrigation Tank

System: (1) CGS 4804, 196,443 Gallon Tank

Project: Johnson Controls – Mega Block Test Facility

Application: Rainwater Collection

System: (1) CGS 905 Water Tank, 8,633 Gallon Tank

Project: Choke Canyon Travel Center

Application: Rainwater Collection & Treatment System

System: (1) CGS 2102 – 18,800 Gallons

(1) Carat 1700 Gallons, underground tank

Project: SAFD – Fire Station #27

Application: Rainwater/Condensate Collection for Irrigation

System: (1) 21,000 Gallon Tank & Irrigation Booster Pump
